ABROL, YASH PAL: Boron deficiency & ribonuclease activity in plants 263
Acetylcholinesterase: Purification of ox brain acetylcholinesterase 54
ACHAR, B. S.: Purification & properties of cytosine nucleoside deaminase from green gram (*Phaseolus aureus*) 133
ACHARYA, U. S. V.: Changes in horse serum proteins & antibody proteins after hyperimmunization & repeated bleedings 128
Physico-chemical & antigenic characterization of human seminal plasma proteins: Gamma globulins of human seminal plasma ... 208
Studies on horse antibodies: Part I — Development of antibody in different serum fractions during immunization of horse with diphtheria toxoid 33
L-Alanine: 2-oxoglutarate aminotransferase: Aspartate: 2-oxoglutarate aminotransferase & L-alanine: 2-oxoglutarate aminotransferase in mammalian red blood cells 255
Amino acids: Deamination of amino acids by *Azotobacter chroococcum* 16
Free & protein amino acids of human malignant *Cervix uteri* 204
Further studies on toxic factors in *Lathyrus sativus*: Potentiation of toxic fraction from the seed by some amino acids 130
Patterns of intestinal uptake & intestinal transport of amino acids in the rat 138
Preliminary observations on some aspects of abiogenesis of amino acids: Effect of ultraviolet irradiation on aqueous solutions of hexamethylene tetramine 131
Protein synthesis in plant mitochondria: Part V — Incorporation of amino acids by submitochondrial fractions 239
S-β-Aminoethylisothiouronium bromide hydrobromide: Effect of whole body gamma irradiation on rat plasma phospholipids & the effect of S-β-aminoethylisothiouronium bromide hydrobromide ... 236
Effect of whole body gamma irradiation on tissue lipids of rats & the effect of S-β-aminoethylisothiouronium bromide hydrobromide ... 244
L-Amino: 2-glyoxylate aminotransferase: Occurrence of L-amino: 2-glyoxylate aminotransferase in lower plants 14
Aminotransferase: Aspartate: 2-oxoglutarate: aminotransferase & L-alanine: 2-oxoglutarate aminotransferase in mammalian red blood cells ... 255
Antibody: Studies on horse antibodies: Part I — Development of antibody in different serum fractions during immunization of horse with diphtheria toxoid 33
Antibody protein: Changes in horse serum proteins & antibody proteins after hyperimmunization & repeated bleedings 128
Arginine auxotrophs of *Vibrio cholerae*: Growth, enzyme induction & ^{14}C-arginine uptake studies on arginine auxotrophs of *Vibrio cholerae* ... 61
Arginine biosynthesis: Regulation of arginine biosynthesis in *Vibrio cholerae* 55
ARORA, R. B.: Metabolism of coumarin derivatives: A note on the urinary metabolites of calophyllolide, 4-phenylumbelliferone & 4-phenyl-7-methylumbelliferone 58
Arginine-^{14}C uptake: Growth, enzyme induction & ^{14}C-arginine uptake studies on arginine auxotrophs of *Vibrio cholerae* 61
Ascorbic acid: Interdependence of dietary protein & vitamins in metabolism: Part II — Interdependence of vitamin A, ascorbic acid & protein in metabolism 48
Aspartate: 2-oxoglutarate aminotransferase & L-alanine: 2-oxoglutarate aminotransferase in mammalian red blood cells 255
Aspergillus niger: Comparison of chemical changes & enzyme make-up of wild strain, & citrate & tartrate adapted strains of *Aspergillus niger* ... 86
Studies on nutritional requirement, chemical composition & enzyme make-up of *Aspergillus niger* cultivated in medium containing D-tartaric acid as the sole carbon source 76
Auxotroph of *Vibrio cholerae*: Growth, enzyme induction & ^{14}C-arginine uptake studies on arginine auxotrophs of *Vibrio cholerae* 61
Azotobacter chroococcum: Deamination of amino acids by *Azotobacter chroococcum* 16

Bacillus subtilis: Effect of streptomycin on the metabolism & growth of *Bacillus subtilis* ... 242

CHERIAN, GEORGE M.: Isolation & characterization of a new glycopeptide containing hydroxyproline from human urine 101
Chloroplast: Characterization of ribonucleoprotein particles & protein synthesis in chloroplasts ... 96
Cholesterol: Estimation of cholesterol in presence of retinol 256
Cholineless mutant strains of *N. crassa*: Action of sulphanilamide in *Neurospora*: Growth inhibition studies with wild & cholineless mutant strains of *N. crassa* 83
Cicer arietinum: Quantitative changes in nucleic acids & nucleases during germination of *Cicer arietinum* 203
Properties of phosphatides prepared from rice bran, *Cicer arietinum* & *Phaseolus aureus* ... 124
Citraconate: Stereochemistry of enzymatic hydration of citraconate & mesaconate 260
Citramalic acid: Enzymatic preparation of (−) & (+) isomers of citramalic acid 19
^{60}Co γ-irradiation: Effect of ^{60}Co γ-irradiation on fat mobilization & growth in germinating peanut ... 254
Coumarin derivatives: Metabolism of coumarin derivatives: A note on the urinary metabolites of calophyllolide, 4-phenylumbelliferone & 4-phenyl-7-methylumbelliferone 58
Crown gall: Ubiquinone (coenzyme Q) of normal & crown gall tissue cultures of *Parthenocissus* sp. ... 127
Cytosine derivatives: Growth inhibition of thymine auxotrophs of *Escherichia coli* by uracil & cytosine derivatives 89
Cytosine nucleoside deaminase: Purification & properties of cytosine nucleoside deaminase from green gram (*Phaseolus aureus*) 133

Plants: Boron deficiency & ribonuclease activity in plants 93, 263
Nicotinamide adenine dinucleotide glycohydrolase in normal & tumour tissues of plants cultivated *in vitro* 203, 169
Occurrence of L-amino: 2-glyoxylate aminotransferase in lower plants 30, 14
Plasma phospholipids: Effect of whole body gamma irradiation on rat plasma phospholipids & the effect of S-β-aminoethylisothiouronium bromide hydrobromide 203, 236
Plasma protein: Changes in plasma proteins & liver nucleic acids during immunization with microbial toxin: Part II — Effect of growth promoting factors 54, 30
Physico-chemical & antigenic characterization of human seminal plasma proteins: Gamma globulins of human seminal plasma 57, 208
PremaBai, (Miss) M.: Thermophilic microorganisms: Part II—Fermentation characteristics of *Malbranchea pulchella* 66, 172
Part III — Elaboration of sulphur containing compounds by *Malbranchea pulchella* & nature of a substance interfering in the iodometric assay of penicillin 127, 179
Part IV — Elaboration of Malbranchins A & B by *Malbranchea pulchella* 127, 187
Protein: Changes in plasma proteins & liver nucleic acids during immunization with microbial toxin: Part II — Effect of growth promoting factors ... 206, 30
Interdependence of dietary protein & vitamins in metabolism: Part II — Interdependence of vitamin A, ascorbic acid & protein in metabolism 86, 48
Part III — Influence of vitamin C on protein metabolism in growing guinea-pigs ... 76, 196
Physico-chemical & antigenic characterization of human seminal plasma proteins: Gamma globulins of human seminal plasma ... 205, 208
Protein synthesis in plant mitochondria: Part V — Incorporation of amino acids by submitochondrial fractions 254, 239
Protein depletion: Incorporation of glycine-1-^{14}C into tissues of young & adult rats after protein depletion & repletion 179, 40
Protein kinase: Distribution of protein kinase in tissues of tumour bearing animals 205
Protein malnutrition: Studies on experimental protein malnutrition: Part I — Effect of threonine deficiency on glucose-6-phosphate metabolizing enzymes of rat liver 24, 37
Protein metabolism: Interdependence of dietary protein & vitamins in metabolism: Part III — Influence of vitamin C on protein metabolism in growing guinea-pigs 131, 124, 196
Protein repletion: Incorporation of glycine-1-^{14}C into tissues of young & adult rats after protein depletion & repletion 133, 40
Protein synthesis: Characterization of ribonucleoprotein particles & protein synthesis in chloroplasts ... 96
Pseudomonas aeruginosa: Biosynthesis of valine in *Pseudomonas aeruginosa* 58, 93
Purines: Estimation of purines & pyrimidines in RNA 258
Pyrimidines: Estimation of purines & pyrimidines in RNA 258
